

PARTNERSHIP. INNOVATION. RESULTS.

Some of the most important healthcare innovations started as unfunded ideas that would have never reached the market without support. That's precisely why Trinnovate Ventures was developed – to invest in strategic partnerships that otherwise may not have the resources to change how healthcare is delivered.

Trinnovate Ventures' nationwide focus is on solutions that improve the quality of life, increase efficiencies and enhance the overall healthcare experience for consumers and providers.

With expertise and ability to test scalability, viability and effectiveness of an idea, Trinnovate Ventures can provide assets and guidance that include:

- Access to established market resources for innovation testing
- Stable of proven business resources and experience to jointly develop new ideas
- Strategic guidance of industry leaders in all facets of business to facilitate rapid expansion in markets throughout the U.S.
